

**NEW LED BULBS FOR OUTDOOR MODELS (SYPHASERA, SYPHASERA,
SYPHADUEPASSI, MORE, FIL DE FER)**

We would like to inform you that, starting from orders confirmed after January 7th, the products from the outdoor collections (Sypha, More, Fil de Fer) will be supplied with an upgraded version of our 12Vdc LED bulb.

Compared to the previous versions, these are the main changes:

- support material (from aluminum into a stainless alloy)
- lumen output (from 67/69 lm to 70 lm)
- CRI (from 80 to 82 Ra).

The new codes for the bulbs are:

- code LLC35E (instead of LLC35)
for Fil de Fer (outdoor – both pendant and floor), More, Syphasera

- code LLC35NAE (instead of LLC35NA)
for Syphasera, Syphaduepassi.

effective date / order confirmations from January, 7th 2026
